7. ANT DESIGN FRAMEWORK
8. TYPESCRIPT
9. GITHUB
10. SQL
11. NODE.JS

WORK HISTORY:

JOSH SOFTWARE

UI Developer | Pune, Maharashtra

- Developed responsive web applications using HTML5, CSS3, and SCSS, implementing advanced styling techniques for complex layouts and dynamic content.
- Utilized Bootstrap 4 to create mobile-first, grid-based designs, enhancing responsiveness and consistency across different devices and browsers.
- Built interactive, reusable UI components with React.js, leveraging hooks, functional components, and state management for efficient data handling.
- Integrated RESTful APIs using Axios to fetch and manage data dynamically, improving real-time user interaction in the edtech platform.
- Implemented React Router for efficient client-side routing, enabling seamless navigation within single-page applications (SPAs).
- Applied JavaScript ES6+ features such as destructuring, template literals, arrow functions, and async/await for clean, efficient code.
- Optimized performance through code-splitting, lazy loading, and minimizing re-renders to enhance application speed and responsiveness.
- Ensured cross-browser compatibility by testing UI components on major browsers (Chrome, Firefox, Safari) and resolving layout inconsistencies.
- Collaborated with UI/UX designers to translate wireframes and mockups into functional interfaces using tools like Figma and Whimsical.
- Conducted code reviews, debugged front-end issues using Chrome DevTools, and implemented best practices in coding standards and version control with Git.

ADCANOPUS DIGITAL MEDIA PVT. LTD.

Marketing Executive | Bangalore, Karnataka

- Designed and executed targeted email marketing campaigns, improving open rates and click-through rates through A/B testing and audience segmentation.
- Leveraged PPC (Pay-Per-Click) strategies to complement email campaigns, driving traffic and conversions through Google Ads and social media platforms.

- Created and optimized responsive email templates using HTML and CSS for seamless display across devices and email clients.
- Analyzed campaign performance metrics, including CTR, conversion rates, and ROI, to refine strategies and improve campaign effectiveness.
- Implemented automation workflows for lead nurturing, customer retention, and re-engagement campaigns using platforms like Mailchimp, HubSpot, or ActiveCampaign.
- Conducted competitive analysis to identify trends, optimize targeting, and improve campaign results in a competitive digital landscape.
- Collaborated with cross-functional teams, including content creators, designers, and marketers, to develop cohesive marketing strategies.
- Maintained and updated customer databases, ensuring data accuracy for effective segmentation and personalized marketing efforts.
- Strong understanding of email deliverability best practices, ensuring high inbox placement rates and compliance with GDPR and CAN-SPAM regulations.

ROBUSTEDGE SOFTWARE PVT. LTD.
